## Day on the Hill

**Day on the Hill** is MASC's annual legislative advocacy day. Typically, this event brings hundreds of school committee members, superintendents and student leaders to the State House in Boston to meet with the executive and legislative leadership as well as local senators and representatives. This event is an increasingly critical moment for MASC members to advance the message of the value of public education and ensure that legislators and other key decision/policy makers understand the issues and challenges that you confront and that they can support.

Due to the ongoing COVID-19 restrictions, the event will take place in a different format than usual, but we hope you still plan to participate in this important day! Be sure to mark your calendars for April 16 at 9am, and stay tuned for more details and registration coming soon!
